Subject: Unauthorized Use and Occupancy Notice

Dear Ms. Jordan:

Last year we spoke on the phone regarding the vessel "Fletcher J." (enclosed photo), which has been permanently moored on state-owned aquatic lands for over a year. You had informed me that your husband was out of the country and that you needed some time to relocate the vessel. Last week I did a site visit and noticed the vessel was still located on state-owned aquatic lands. The ownership for the area was determined by looking at the plat maps for Anderson Cove. The maps indicated that the State of Washington owns everything water ward of the inner harbor line. The inner harbor line runs along the shoreline in Anderson Cove.

The Department of Natural Resources (DNR) will not permit the mooring of the vessel "Fletcher J." on state-owned aquatic lands. In accordance with the Revised Code of Washington (RCW) 79.01.760 you are utilizing public property without authorization. This letter is official notice that you are in Trespass and in accordance with the Washington Administrative Code (WAC) 332-30-127 you have thirty (30) days from receipt of this letter to vacate the premises. If you choose to not vacate the premises within the allotted time the DNR will take further action.

If you have questions regarding this Trespass notice, contact me at (360) 825-1631.

Sincerely,

Courtney Wasson, Aquatic Land Manager
Shoreline District, Aquatic Region

C: Janet Lunceford, City of Bremerton
